SHIP FASTER. SHIP SMARTER.

Importing from Asia to the Midcontinent? Exporting from the Midwest? The Advantaged Supply Chain is by far the most efficient, cost-effective route, cutting nearly half the time of shipping via gulf ports. Working together with original equipment manufacturers (OEMs), carriers, freight forwarders and brokers, the Port of Vancouver USA offers both the route and resources to ship faster, saving you time and money.

THE ADVANTAGED SUPPLY CHAIN™

A DIRECT, UNINTERRUPTED ROUTE FROM THE PACIFIC RIM TO THE MIDCONTINENT

Shipping from Asia through the Port of Vancouver to the U.S. Midwest saves almost half the time as shipping through gulf ports.

Cost-effective rates offered by the two Class 1 railroads that serve the Port of Vancouver, BNSF Railway and Union Pacific Railroad, add to your cost savings.

Transporting via heavy-duty trucks is another link in the Advantaged Supply Chain.

We have the long-term connections to the people and resources that make importing easy and streamlined.
